Independent Auditor's Report

Board of Trustees
Virginia Commonwealth University Foundation
Richmond, Virginia

Report on the Financial Statements

We have audited the accompanying financial statements of Virginia Commonwealth University Foundation (the Foundation), which comprise the statement of financial position as of June 30, 2016 and the related statements of activities and changes in net assets, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Virginia Commonwealth University Foundation as of June 30, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Statements

We have previously audited the Foundation's June 30, 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 2, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2015 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Virginia Commonwealth University Foundation

Notes to Financial Statements

June 30, 2016

Note 1. Nature of Organization and Significant Accounting Policies

Nature of organization

Virginia Commonwealth University Foundation, (the Foundation) is a Virginia corporation that functions as a nonprofit charitable foundation solely to assist, support, and foster Virginia Commonwealth University in all proper ways that may from time to time be approved by the trustees of the Foundation with the guidance of the University. The Foundation manages and distributes current and endowed gifts for schools, departments, and programs throughout the University, with major emphasis on programs for the Monroe Park Campus.

A summary of the Foundation's significant accounting policies follows:

Basis of accounting

The Foundation's financial statements are presented in accordance with accounting principles generally accepted in the United States of America on an accrual basis. Consequently, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred.

Comparative financial statements

These financial statements include summarized comparative prior-year information in the statement of financial position and the statement of activities and changes in net assets. The prior year balances are not presented by net asset class and do not contain sufficient detail to conform with generally accepted accounting principles. Therefore, this information should be read in conjunction with the Foundation's financial statements for the year ended June 30, 2015.

Cash and cash equivalents

For purposes of reporting the statements of cash flows, the Foundation includes all cash accounts and highly liquid debt instruments purchased with a maturity of three months or less as cash and cash equivalents on the accompanying statement of financial position. Cash and cash equivalents held by investment managers are reported with investments. At times, the Foundation may have cash in excess of insured limits. The Foundation's cash is in institutions whose credit ratings are monitored by management to minimize the concentration of credit risk. At June 30, 2016, the Foundation had cash balances and cash investments that exceeded insurance limits.

Contributions receivable

Unconditional promises to give that are expected to be collected or paid within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received or paid. Amortization of the discounts is included in contribution revenue. Conditional promises to give are not

Virginia Commonwealth University Foundation

Notes to Financial Statements

June 30, 2016

Note 1. Nature of Organization and Significant Accounting Policies (continued)

included in support or expenses until the conditions are substantially met. The Foundation provides an allowance for doubtful accounts equal to estimated pledge defaults. The estimated defaults are based on historical collection experience together with a review of the current status of the existing receivables.

Investments

Investments in all debt securities and equity securities are stated at fair value based on quoted market prices. Alternative investments include investments in limited partnerships and limited liability corporations (hedge funds, private equity and publicly-traded securities). Alternative investment interests are stated at fair value based on the financial statements and other information received from the general partners of such entities. Fair value is the estimated net realizable value of holdings priced at quoted market value (where market quotations are available), historical cost or other estimates including appraisals. The Foundation believes that the stated value of its alternative investments was a reasonable estimate of its fair value as of June 30, 2016. However, alternative investments are not marketable and some of the alternative investments have underlying investments that do not have quoted market values. The estimated value is subject to uncertainty and could differ had a ready market existed for these alternative investments. Such differences could be material. The amount of gain or loss associated with these investments is reflected in the accompanying financial statements as unrealized gain (loss) on investments.

Net Asset Value (NAV) is used as a practical expedient for certain commingled funds, privately held investments, and securities held in partnership format for which a readily determinable fair value is not available, unless the Foundation believes such NAV calculation is not measured in accordance with fair value. These values may differ significantly from values that would have been used had a readily available market existed for such investments, and that difference could be material to the change in net assets of the Foundation.

In May 2015, the FASB issued Accounting Standards Update No. 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. The guidance removes the requirement to make certain disclosures and categorize with the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The Foundation elected to early adopt the provision of Update No. 2015-07 and applied the provisions of the update beginning with fiscal year 2016.

Revenue recognition

All contributions and investment income are available for unrestricted use unless specifically restricted by the donor. Amounts received and investment income earned that are designated for future periods or restricted by the donor for specific purposes are

Virginia Commonwealth University Foundation

Notes to Financial Statements

June 30, 2016

Note 1. Nature of Organization and Significant Accounting Policies (continued)

reported as temporarily or permanently restricted support that increases those net asset classes.

Collections

Collection items acquired through purchase or donation are not recognized as assets on the statement of financial position. Purchases of collection items are recorded as decreases in unrestricted net assets if purchased with unrestricted assets and as decreases in temporarily restricted or permanently restricted net assets if purchased with donor-restricted assets. Contributions of collection items are not recognized in the statement of activities. Proceeds from deaccessions or insurance recoveries are reflected on the statement of activities based on the absence or existence and nature of donor-imposed restrictions.

Unrestricted net assets

The Foundation reports assets whose use is not restricted by donors as unrestricted net assets. Contributions are available for unrestricted use unless specifically restricted by the donor. In general, the unrestricted net assets of the Foundation may be used at the discretion of the Foundation's management and Board of Trustees to support the Foundation's purpose and operations.

Temporarily restricted net assets

The Foundation reports gifts of cash and other assets as temporarily restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities and changes in net assets as net assets released from restrictions. Contributions restricted for capital improvements are released to unrestricted revenue at the time the funds are expended for the specified improvement. Temporarily restricted net assets at June 30, 2016, consist of contributions restricted by donor designation to support individual departments and specific initiatives within Virginia Commonwealth University.

Permanently restricted net assets

Permanently restricted net assets are those which are subject to the restrictions of gift instruments requiring that the principal be invested in perpetuity and the income be utilized only for purposes specified by the donor. At June 30, 2016, the income from these permanently restricted net assets may be used in support of Virginia Commonwealth University including scholarships, endowed chairs, and other school-related programs.

Virginia Commonwealth University Foundation

Notes to Financial Statements

June 30, 2016

Note 1. Nature of Organization and Significant Accounting Policies (continued)

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Measure of operations

The Foundation reports as changes in net assets from operations all activities, except for investment income or loss and the change in value of split interest agreement obligations with beneficiaries.

Income taxes

The Foundation is exempt from Federal income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC). However, income from certain activities not directly related to the Foundation's tax-exempt purpose may be subject to taxation as unrelated business income. The Foundation had no unrelated business income during the year ended June 30, 2016. In addition, the Foundation qualifies for the charitable contribution deduction under IRC Section 170(b)(1)(A)(iv) and has been classified as an organization other than a private foundation under IRC Section 509(a)(1).

The Foundation has determined that it does not have any material unrecognized tax benefits or obligations at June 30, 2016. The Foundation includes penalties and interest assessed by income taxing authorities in operating expenses, if applicable. The Foundation did not incur any penalties or interest expense for the year ended June 30, 2016.

Note 2. Contributions Receivable

Contributions receivable as of June 30, 2016, are expected to be received as follows:

Receivable in less than one year	\$ 7,854,533
Receivable in one year or more	8,208,202
	<u>16,062,735</u>
Less discount	(66,230)
Less allowance for uncollectible receivables	<u>(1,078,670)</u>
	<u>\$ 14,917,835</u>

Discount rates ranging from 0.11% to 4.28% were used in determining the present value of the contributions receivable.

Virginia Commonwealth University Foundation

Notes to Financial Statements

June 30, 2016

Note 3. Investments

Assets of various funds are pooled for investment purposes. Equity of individual funds in the pooled investments is maintained using the "market value method." Under the market value method, units of participation are assigned when dollars enter the pool based upon the most recently determined market value of units. The market value of units of participation is calculated monthly.

Pooled assets at June 30, 2016, are summarized below:

	Cost	Fair Value	Net Unrealized Gains (losses)
Cash and cash equivalents	\$ 5,775,753	\$ 5,775,753	\$ -
Equities	31,885,984	33,396,301	1,510,317
Fixed income	17,072,195	16,759,593	(312,602)
Alternative investments	18,674,168	20,143,268	1,469,100
	<u>\$ 73,408,100</u>	<u>\$ 76,074,915</u>	<u>\$ 2,666,815</u>

The number of units of participation in the pooled investments at June 30, 2016 was 1,020,652.2216 with a \$74.535589 value per unit.

The following schedule summarizes the investment return and its classification in the statement of activities for the year ended June 30, 2016:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Dividend and interest income	\$ 49,581	\$ 919,924	\$ -	\$ 969,505
Net realized losses	(16,947)	(291,029)	-	(307,976)
Net unrealized losses	(58,448)	(1,286,786)	-	(1,345,234)
Total investment loss	<u>\$ (25,814)</u>	<u>\$ (657,891)</u>	<u>\$ -</u>	<u>\$ (683,705)</u>

Pursuant to its limited partnership agreements as of June 30, 2016, the Foundation had unfunded commitments of approximately \$181,036.

The Foundation maintains investments in various money market funds, fixed income instruments, equity securities, and other investments that are at risk to loss of principal. The Foundation holds these investments in various custodial accounts with its custodian, SunTrust Bank. The custodial accounts are monitored; however, there is no guarantee that the custodian will not become insolvent. The Foundation believes that in the event of insolvency of its custodian, some of the Foundation's assets may be unavailable for a period of time, but that it would ultimately have a full recovery of its assets.

Virginia Commonwealth University Foundation

Notes to Financial Statements

June 30, 2016

Note 3. Investments (continued)

Subsequent to year-end, the Foundation engaged the VCU Investment Management Company (VCIMCO) as its new investment advisor. VCIMCO is a nonprofit, nonstock corporation organized under Virginia law for exclusively charitable and educational purposes within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. VCIMCO was set up to advise the University and its affiliated foundations on the management of its investments. While the target investment mix will be similar to the current portfolio, during the transition, many of the investments held with the current investment manager will be sold.

Note 4. Fair Value Measurements

Accounting standards establish a framework for measuring fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guidance also establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1 – Quoted prices are available in active markets for identical investments as of the reporting date.

Level 2 – Pricing inputs, including broker quotes, are generally those other than exchange quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value is determined through the use of models or other valuation methodologies.

Level 3 – Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation.

Virginia Commonwealth University Foundation

Notes to Financial Statements

June 30, 2016

Note 4. Fair Value Measurements (continued)

The classification of assets by level within the valuation hierarchy as of June 30, 2016 is as follows:

	Fair Value Measurements at Reporting Date Using				Measured at NAV
	June 30,2016	Level 1	Level 2	Level 3	
Assets:					
Cash and cash equivalents	\$ 5,775,753	\$ 5,775,753	\$ -	\$ -	\$ -

Note 4. Fair Value Measurements (continued)

The reconciliation of activity for Level 3 investments for fiscal year 2016 is as follows:

The amount of total unrealized gain for the period included in the statement of activities attributable to Level 3 investments still held at June 30, 2016 is \$565,130.

Level 3 Assets	Real Estate Funds	Beneficial Interest in Charitable Remainder Unitrust	Total
Beginning of year	\$ 2,488,229	\$ 980,374	\$ 3,468,603
Reclassification of prior year accrued income receivable	270,204	-	270,204
Sales and other dispositions	(30,949)	-	(30,949)
Change in value of charitable remainder unitrust	-	(31,380)	(31,380)
Change in unrealized gains	565,130	-	565,130
End of year	\$ 3,292,614	\$ 948,994	\$ 4,241,608

For investments in entities that calculate net asset value or its equivalent whose fair value is not readily determinable, the following table provides information about the liquidity of these investments. The fair values of these investments have been estimated using net asset value per share of the investments, unless noted. Management is not aware of any factors that would impact net asset value as of June 30, 2016.

Notes to Financial Statements

June 30, 2016

Note 4. Fair Value Measurements (continued)

Relative Value Funds

Investment strategies that use quantitative and/or fundamental analysis designed to exploit the relative imbalances and dislocations in the pricing relationships of two securities. Relative value strategies are expected to have very limited correlation with equities and fixed income markets, as managers generally hedge out the systemic risk of the markets in which they invest.

Opportunistic/Macro Funds

These investment strategies have the broadest mandate of all hedge funds and are designed to be the least correlated to broader stock and fixed income capital markets. This category includes systematic and discretionary macro managers, but also contains managers with idiosyncratic mandates that do not fit into any of the other categories.

Long/Short Equity Funds

Investment strategies that employ fundamental and technical assessments on the equities in their investable universe, and that create portfolios of long positions in securities deemed undervalued and short positions in securities deemed overvalued. These strategies are generally subdivided by the degree to which each manager maintains market exposure (i.e., low net exposure, low-to-mid net exposure, aggressive net exposure) and defines its focus (i.e., by regions, sectors, or market caps).

Event Driven/Merger Arbitrage

Investment strategies that attempt to profit as a result of stocks and bonds changing in response to certain corporate actions including mergers, shareholder activism, restructurings, share buybacks, spinoffs, etc. Event driven managers typically look to isolate the expected event itself and assess investment opportunities based on their assessment of each event's ability to create additional value in a security.

Diversified Strategies

These funds include investments in broadly diversified portfolios of hedge funds. Underlying manager strategies will vary but primarily include a long/short equity strategy. Other strategies used are convertible bond arbitrage, merger arbitrage, distressed securities, and private equity/real estate. The majority of the investments across the underlying manager strategies are in publicly traded securities, but managers have the flexibility to invest in private/non-marketable investments. The fair value of two of the investments have been estimated using the net asset value per share of the investments, and the fair value of two other investments have been estimated using the percentage share of the Foundation's ownership interest in the partner's capital.

Virginia Commonwealth University Foundation

Notes to Financial Statements

June 30, 2016

Note 4. Fair Value Measurements (continued)

Other Financial Instruments

The Foundation's other financial instruments not measured at fair value on a recurring basis include amounts due from VCU affiliated foundations, contributions receivable, amounts due to VCU, amounts due to VCU affiliated foundations, deposits held for VCU Intellectual Property Foundation, deposits held for VCU Alumni Association, deposits held for VCU Real Estate Foundation, and deposits held for Virginia Commonwealth University. These financial instruments are reflected in the financial statements at cost, which approximates fair value.

Note 5. Charitable Remainder Annuity Agreements

The Foundation has entered into various agreements providing for gift contributions for the benefit of certain endowments in exchange for a life gift annuity agreement from the Foundation to the grantors. The Foundation is obligated to pay the grantors various quarterly installments for the remainder of their lives. There are a total of six agreements with four donors at year-end. The present value of these annuities at June 30, 2016 is \$351,231 and is included on the Statement of Financial Position as Annuity Payment Liability.

Note 6. Charitable Remainder Unitrust

The Foundation is a 50% remainder beneficiary of a charitable remainder unitrust. The contribution portion of an agreement is recognized as revenue when the Foundation has the unconditional right to receive benefits under the agreement and is measured at fair value using a current discount rate. During the term of the agreement, any changes in actuarial assumptions, are recognized as "change in value of charitable remainder trust" in the statement of activities and changes in net assets.

The fair value of the trust is \$948,994 at June 30, 2016. The discount rate used in calculating the value was 1.8% for 2016. The depreciation in value of the trust was \$31,380.

Virginia Commonwealth University Foundation

Notes to Financial Statements

June 30, 2016

Note 7. Deposits Held for Virginia Commonwealth University

These funds, including all income earned net of expenses, are owned by Virginia Commonwealth University.

Deposits held for Virginia Commonwealth University consist of the following amounts:

University deposits, beginning of year	\$ 27,659,326
Add:	
Contributions, net	369,231
Investment income	550,148
Less:	
Unrealized loss on investments	(867,326)
Net realized loss on investments transactions	(185,055)
Related fees for investment managers	(338,272)
Disbursements to the University	<u>(1,213,866)</u>
University deposits, end of year	<u>\$ 25,974,186</u>

Note 8. Endowment

The Foundation's endowment consists of approximately 300 individual funds established for purposes that support the Foundation. The endowment is comprised only of donor-restricted endowment funds. As required by Generally Accepted Accounting Principles (GAAP), net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of relevant state law

The Board of Trustees of the Foundation has interpreted the Commonwealth of Virginia's Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift, as of the gift date, of the donor-restricted endowment fund, absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The portion of a donor-restricted endowment fund not classified as a permanently restricted net asset is classified as a temporarily restricted net asset until appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

Virginia Commonwealth University Foundation

Notes to Financial Statements

June 30, 2016

Note 8. Endowment (continued)

- The duration and preservation of the fund;
- The purposes of the Foundation and the donor-restricted endowment fund;
- General economic conditions;
- The possible effect of inflation and deflation;
- The expected total return from income and the appreciation of investments;
- Other resources of the Foundation; and
- The investment policies of the Foundation.

The following schedule summarizes the endowment net asset composition by type of fund as of June 30, 2016:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Donor-restricted endowment funds	\$ (22,414)	\$ 10,798,735	\$ 27,875,834	\$ 38,652,155
Total net assets	\$ (22,414)	\$ 10,798,735	\$ 27,875,834	\$ 38,652,155

The following schedule summarizes the net asset composition by type of fund as of June 30, 2016:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Donor-restricted endowment funds	\$ (22,414)	\$ 10,798,735	\$ 27,875,834	\$ 38,652,155
Unrestricted funds	2,814,840	-	-	2,814,840
Temporarily restricted funds	-	42,537,112	-	42,537,112
Total net assets	\$ 2,792,426	\$ 53,335,847	\$ 27,875,834	\$ 84,004,107

Virginia Commonwealth University Foundation

Notes to Financial Statements

June 30, 2016

Note 8. Endowment (continued)

The following schedule summarizes the changes in endowment net assets for the year ended June 30, 2016:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Endowment net assets, beginning of year	\$ (39,275)	\$ 12,770,723	\$ 25,608,238	\$ 38,339,686
Investment return:				
Investment income	-	766,653	-	766,653
Net appreciation (depreciation), realized and unrealized	16,861	(1,331,524)	-	(1,314,663)
Total investment return (loss)	16,861	(564,871)	-	(548,010)
Contributions and other income	-	-	2,267,596	2,267,596
Appropriation of endowment assets for expenditure	-	(1,416,011)	-	(1,416,011)
Other changes:				
Change in value of split interest agreement with beneficiaries	-	8,894	-	8,894
	16,861	(1,971,988)	2,267,596	312,469
Endowment net assets, end of year	\$ (22,414)	\$ 10,798,735	\$ 27,875,834	\$ 38,652,155

A description of the amounts classified as permanently restricted net assets and temporarily restricted net assets (endowment only) as of June 30, 2016 is as follows:

Permanently Restricted Net Assets

The portion of perpetual endowment funds that is required to be retained permanently either by explicit donor stipulation or by UPMIFA

\$ 27,875,834

Total endowment funds classified as permanently restricted net assets

\$ 27,875,834

Temporarily Restricted Net Assets

The portion of perpetual endowment funds subject to a time restriction under UPMIFA with purpose restrictions

\$ 10,798,735

Total endowment funds classified as temporarily restricted net assets

\$ 10,798,735

Virginia Commonwealth University Foundation

Notes to Financial Statements

June 30, 2016

Note 8. Endowment (continued)

Funds with deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Foundation to retain as a fund of perpetual duration. In accordance with GAAP, deficiencies of this nature that are reported in unrestricted net assets were \$22,414 as of June 30, 2016. These deficiencies resulted from unfavorable market fluctuations that occurred during the fiscal year ending June 30, 2016.

Return objectives and risk parameters

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Foundation must hold in perpetuity for a donor-specified period(s). Under this policy, as approved by the Board of Trustees, the endowment assets are invested in a manner that is intended to earn a real total return that is at least equal to the annual spending rate plus inflation as measured by the Consumer Price Index, while assuming a moderate level of risk. Actual returns in any given year may vary from this amount.

Strategies employed for achieving objectives

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation, which includes equity funds, fixed income instruments, hedge funds and limited liability partnerships, in order to minimize risks while achieving total return objectives.

Spending policy

The Foundation has a policy of appropriating for distribution each year up to five (5) percent of the eight-quarter average market value of endowment fund units as of December 31 of the preceding calendar year. In establishing this policy, the Foundation considered the long-term expected return on its endowment. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specific term as well as to provide additional real growth through new gifts and investment return.

Virginia Commonwealth University Foundation

Notes to Financial Statements

June 30, 2016

Note 9. Transfers to Virginia Commonwealth University Affiliated Foundations

Transfers were made to the following University affiliated foundations for the year ended June 30, 2016:

VCU Alumni Association	\$	1,830
MCV Foundation	\$	27,117

Note 10. Economic Dependency

For the year ended June 30, 2016, approximately 45% of total contributions receivable represents promises to give from six donors.

For the year ended June 30, 2016, approximately 11% of total contribution revenue for the year came from two donors.

Note 11. Allocation of Functional Expenses

	Total	Program	Management & General	Fundraising
Distribution to and support of the University	\$ 15,908,527	\$ 15,908,527	\$ -	\$ -
Personnel	274,600	29,340	176,800	68,460
Investment management	528,099	528,099	-	-
Bad debt expense	144,735	144,735	-	-
Other	63,943	-	63,943	-
Total functional expenses	<u>\$ 16,919,904</u>	<u>\$ 16,610,701</u>	<u>\$ 240,743</u>	<u>\$ 68,460</u>
Allocation percentage	100.0%	98.2%	1.4%	0.4%

Note 12. Subsequent Events

Management has evaluated events through September 15, 2016, the date which the financial statements were available for issue.
